## JUST THE SIMPLE THINGS

*"Look at the ships also: though they are so large and are driven by strong winds, they are guided by a very small rudder wherever the will of the pilot directs." James 3:4 (ESV)*

I know you want to make a difference in your world and be the best that God has called you to be.

However what do you think it entails?

When most people look at those who are doing well in their field of ministry or vision, they assume it took a volume of many things for that to happen. Nevertheless what you should know is that, it doesn't take a volume of things to make a difference. It is instead the same little things you may be aware of that is needed for great success. Most of the big things you see are controlled by little but powerful elements. It only takes a small rudder to direct a whole huge or large ship. Success doesn't come by doing many things. It is simply giving attention to the basic instructions you are given and running with them consistently.

Simple instructions such as, read your Bible daily, pray without ceasing, meditate on the Word, rejoice in the Holy Spirit, and act on the inspirations of the Lord can revolutionise your entire world. Such instructions can move you from being a low class, unrecognized and defeated fellow to a transgenerational leader. It will only take your dedication and consistency with the little instructions you are given, to make a difference in

your world. Be faithful with the little things.

Shalom!
